## U.S. Naval Base Will Be Made 'Self-Sufficient'

WASHINGTON UPI — The United States moved today to make the big Guantanamo Bay Naval Base "self-sufficient" so that it can never again be at the mercy of Cuba's Communist government.

Acting under orders from President Johnson, Defense Secretary Robert S. McNamara directed Friday that new sources of fresh water be developed for the base, and that the number of Cubans working at the base be reduced.

The double-barrelled blow was in direct retaliation for Cuban Premier Fidel Castro's action in halting the supply of fresh water to Guantanamo from a Cuban-owned waterworks.

A White House statement declared that the United States took the action to make certain that the naval base, occupied by 10,500 American servicemen and their families, is safe from any "further irresponsible actions of the Cuban government."

## Mrs. May White Died Saturday

Mrs. May White, wife of Thomas White, passed away early Saturday morning at the residence, 1155 Ave. E. Mrs. White was born Feb. 11, 1880. She had been in failing health for some time. Mrs. White was a member of the Methodist Church.

Funeral arrangements will be announced later by the Hopkins-Walton Funeral Home. Friends may call at the funeral home Sunday. The family requests no flowers.

## Tavern Waitress Kidnaped, Robbed

INDIANAPOLIS UPI—A tavern waitress was kidnaped and robbed of \$2,440 yesterday by a man who was hiding in the rear seat of her car as she left a bank after withdrawing the money to cash payroll checks.

Mrs. Rebecca McNerry, 62, told police she was forced to drive around the southern part of Indianapolis and Marion County for about half an hour before the man ordered her to stop on W. Washington St. and get out of the car.

She said she went from the 67 Inn to a branch bank on Kentucky Ave. and when she returned to the car with the money in a cigar box, a male voice from the rear told her "Don't turn around; keep on driving." She said he enforced his order with an object against her back which she assumed was a gun.

## Gets Clipped

INDIANOLA, Iowa UPI—The mechanical age finally caught up with Kenneth Hatcher, manager of the local agricultural stabilization and conservation service.

He put in an order for 5,000 paper clips but due to an overzealous electronic billing machine he received 5 million clips. They arrived by semi-trailer and weighed nearly five tons.

## Dinner Served For Boy Scouts

The Men's Fellowship of the First Christian Church held its annual scout banquet Thursday, February 7, at 6:30. The banquet was held in honor of Cub Scout Pack, Boy Scout Troop and Explorer Post No. 99 and began a week of observance of the 54th anniversary of the Boy Scouts of America. The local scouts are sponsored by the Fellowship.

Frank McKeehan, who presided over the meeting, introduced Murray Lewis, Scoutmaster of Troop 99; Elmer Rogers and Maynard Tuttle, Committeemen of Troop 99; Bob Autemith and Jim Harmon, DePauw students and assistant scoutmasters of Troop 99; and Bob Matthews, Institutional Representative of Troop 99. Mr. Matthews presented the signed charters for the next year.

Glenn Flint, Chairman of the Kenabegwin District, introduced the speaker, Loyall McMillan, Scout Executive of the Scouts of Wabash Valley. In his speech Mr. McMillan pointed out various phases of scouting and stressed the responsibilities of leadership.

The women of The First Christian Church were credited with preparing the banquet. At the end of the evening's activities Rev. Maxwell Webb of The First Christian Church held a friendship circle prayer.

Tuesday, March 3rd, the women of The First Christian Church will be feted at a similar banquet.

## Tax Cut Passes, Johnson Pleased

WASHINGTON UPI — President Johnson, pleased with his biggest election-year legislative victory to date—Senate passage of an \$11.6 billion tax cut—today looked for quick action on a compromise version that would give taxpayers their largest tax cut in the nation's history.

The Chief Executive made it known on Capitol Hill that he wanted the bill signed into law by March 1—or before.

Johnson hailed passage of the measure, which calls for the biggest tax cut in the nation's history, as "good for the country." Approval came on a vote of 77 to 21.

"I am proud for the Congress. I am glad for the taxpayer," he said, adding that the tax cut would "give our free enterprise economy new life in the form of increased consumer buying, new investments and more jobs. And it will keep America growing."

Responding to Johnson's call for speed, Senate negotiators announced that the next step would be taken Monday when a conference was arranged with House tax-writers to discuss differences between the House and Senate versions of the bill. The House passed an \$11.1 billion tax cut measure last Sept. 25.

Chairman Harry F. Byrd, D-Va., of the Senate Finance Committee said conferees planned to meet Monday and Tuesday, largely for briefing on detailed provisions by staff technicians. Actual voting on a compromise bill will be delayed until February 17, however.

Despite the differences between the Senate and House bills, negotiations were expected to resolve any conflicts without trouble.

## Diminishing Role

SAN FRANCISCO UPI—A California sociologist feels that books are assuming a diminishing role in the education of contemporary children.

Dr. William Dienst, of Fresno State College told a recent conference of librarians that "a child gets three-quarters of his education from radio, television and conversations."

The result is that today's youth sees little need for heavy reading. "If a child doesn't think reading is important," Dr. Dienst said, "then we have to teach him its importance."

"Librarians must provide people with the opportunity to develop their ability to cope with reality."

ROACHDALE BOYS SELECTED

Alan Hughes and Jim Risk from Roachdale High School have been selected to play in the Indiana All-State Band at Anderson on April 4.

Application blanks were sent to every high school in the state for recommendations; and then a committee from the Indiana Bandmasters Association selected the 130 bandmen that will comprise the band. The students will rehearse Friday evening and Saturday with the concert being held Saturday evening. Mark Hindsley of the University of Illinois will be the guest conductor.

Alan and Jim both received

first division ratings as soloists in Class A at the District Contest on Jan. 25, and will be participating in the state contest at Butler University on Feb. 15.

Alan plays bass clarinet in the Roachdale High School Band where he is also drum major. He is a senior and the son of Mr. and Mrs. Edwin Brown. Alan was a member of last year's All-State Band.

Jim plays baritone in the Roachdale High School Band and is a junior. He is the son of Mr. and Mrs. James Risk. In addition to his solo at the contest, Jim received a first division rating in a baritone trio entered in Class B.

## WWI Barracks Installs Officers

The Barracks, and auxiliary to Cloverdale World War I Barracks 1944, installed officers at the regular meeting February 4.

A large crowd enjoyed a bountiful carry-in-supper, which preceded the business session.

Several guests were present from Greencastle and Terre Haute, including the Sixth District Commander and auxiliary president, Mr. and Mrs. Dale Dixon, who installed the new officers.

The outgoing Auxiliary president Mrs. Belle Lasley received a past president pin, while the incoming president Mrs. Mary Logan was presented a lovely corsage of white carnations.

Mr. Ralph Fry retained his office as Barracks Commander for 1964.

The next meeting will be a carry-in-supper at 7:00 p.m. March 3, at which time plans will be completed for the Sixth District meeting to be held in Cloverdale on March 15. All World War I veterans, wives or widows and daughters of World War I veterans are invited to attend these meetings.

## Nikita Irked

MOSCOW UPI — Diplomatic observers said today Premier Nikita Khrushchev apparently hopes to block Allied action to keep the peace in Cyprus by throwing the issue into the United Nations.

Khrushchev's 1,500-word appeal Friday night to President Johnson and other Western leaders for restraint in Cyprus was seen as a reflection of Soviet dissatisfaction at being left out of current negotiations.

## Hospital Notes

Dismissed Friday: Jacob Wilcox, Spencer; Eva Alice Callahan, Reelsville; Glee Truesdale, Mrs. William Sutherland and daughter, Cloverdale; James Hunt, Greencastle.

## Briton Speaks At DPU Chapel

Colin Jackson, British newsman and author, took a DePauw University convocation audience hop-scotching around the globe yesterday for an oral appraisal of the world situation.

Typically British with a wry humor, Jackson apologized for his heavily accented English, but told his audience it would "have to like it or lump it, for after all, we British had the language first."

Commenting on the American scene, Jackson described British reaction to the news of President Kennedy's death: "When we heard the news about 7:15 p.m. the evening of November 22, it was like the electric generator of the world suddenly faltered and the lights went dim. Of course, inevitably, as they must, they returned to full glow."

"President Johnson will play a part in an entirely different way, but the British feel he is just as able as your late president. We are encouraged that talks between Moscow and Washington have been renewed after an initial period of Russian apprehension."

Taking up America's objection to the British sale of buses to Cuba, Jackson, with mock seriousness, described the deal "as a deadly blow to American freedom—almost as bad as the shipment of 70 million bushels of wheat to Russia."

Russia was pictured by the traveling journalist as ready to engage in a period of peaceful co-existence. Basing his remarks on numerous visits to the Soviet Union, Jackson said Khrushchev has come to the conclusion that in all their competition with the West, the Russians cannot win.

In the Middle East the Arabs still have the unrealized yearning for unity. He briefly outlined the present crisis brewing between the Arabs and Jews over Israel's plan to divert waters from the Jordan River. Jackson said many Arab leaders favored force to thwart the plan. Or, Jackson said, quoting the late John Foster Dulles off the top of the head remark, "We can hope that they will settle their differences in a Christian manner."

Around the globe in the Far East, Jackson pictured a new Cold War developing between Russia and China not over political ideologies, but over territorial expansion involving lands lying between the two major Communist nations.

## Redistricting Order Issued

INDIANAPOLIS UPI — A three-judge federal panel directed its reapportionment expert to draw up within two weeks recommendations on a standby plan for redistricting Indiana.

Prof. W. Howard Mann, in accepting the assignment, indicated it would relate to guidelines rather than a standby plan. During his remarks in an oral argument before the panel, he strongly opposed a standby plan but said he thought the court could lay down "delicate and tentative guidelines" for the 1965 Legislature.

Mann told the judges any plan they might produce now "would be a judicial imposition" on the Legislature.

## Get Farm Terms

Eskine Sheppard, 51, North Salem, and Olen Vernon, 61, Muncie, both pleaded guilty to public intoxication charges when arraigned in city court before Judge J. Frank Durham Friday night.

Sheppard was sent to the penal farm for 120 days and Vernon received a 30-day sentence. Each was fined \$1 and costs.

## Two Jailed Friday

Two out-of-state motorists arrested and lodged in the Putnam County jail at 5:30 Friday afternoon by State Troopers Ted Settle and Jack Hanlon.

Kenneth Nevins, 19, Baltimore, Maryland, was booked for public intoxication.

Johnnie Wilson, 24, Elizabeth City, North Carolina, was charged with drunken driving and reckless driving.

### Opera Workshop To Present Play

Miss Karen Carter, daughter of Mr. and Mrs. M. W. Carter, 101 South Locust Street, is dramatic director for "The Outcasts of Poker Flat," to be presented by DePauw's Opera Workshop February 13, 14 and 15 at 8:15 in Speech Hall.

Miss Carter is a senior speech major at DePauw. She played leading roles in the Putnam County Playhouse production of "Sabrina Fair" and in "Medea" at DePauw.

Musical director is Patricia Baxter, a graduate student at DePauw and director of the choir at the Presbyterian Church. Mrs. Baxter also directed last year's opera "Cosi Fan Tutte."

"The Outcasts of Poker Flat" was adopted from the Bret Harte story and set to music in 1960 by S. R. Beckler, a professor at the University of the Pacific. The hour-long drama will star Charles Simons and Kay Harker, with Tim Grodrian, Judie Beyer, Jeanine Buchanan, David Baxter and Thomas Fitzpatrick in supporting roles.

### Says Husband Was Not Normal

WASHINGTON UPI — Mrs. Lee Harvey Oswald did not consider her husband quite normal when they returned to the United States from Russia in 1962.

The slender, 22-year-old Russian widow of the alleged assassin of President Kennedy told a news conference Friday Oswald seemed normal when she married him in Minsk, Russia, where she had worked as a pharmacist. But she said he seemed to change when he returned to the United States.

The only proof of her husband's abnormality she said she had was that he told her he once fired a shot at retired Maj. Gen. Edwin A. Walker. "This is not normal if Lee shot anyone," Mrs. Oswald said.

### One-Car Accident

H. Leslie Jones and his wife, who reside at 108 West Jacob Street, escaped injury in an auto accident just south of Greencastle on Ind. 43 at 7:10 Friday evening.

State Trooper Ted Settle reported that Jones was going north in his 1960 Falcon. The car hit a slick spot and he lost control. The auto went across the highway and over an embankment.

WASHINGTON UPI — Gen. Curtis E. LeMay, Air Force chief of staff, has challenged some information given Congress by Defense Secretary Robert S. McNamara on the value of U.S. bombers versus long-range missiles, informed sources said today.

As a result, the lawmakers may authorize many millions of dollars for developing new bombers which President Johnson did not request.

LeMay set forth his views this week behind closed doors of the House Armed Services Committee, which has cautioned McNamara not to put all of the nation's defense eggs into one basket, relying too much on missiles.

LeMay's testimony has been stamped top secret and the committee's 37 members have been warned by Chairman Carl Vinson, D-Ga., not to discuss the details with anyone.

However, some lawmakers said LeMay and McNamara gave "quite contradictory" statements on certain aspects of the controversy, which originally was sparked by Sen. Barry Goldwater, R-Ariz.

Goldwater, while campaigning for the GOP presidential nomination in New Hampshire last month said U.S. intercontinental missiles are not always dependable. He said later it was a problem of mechanics which could not be ignored, especially when deciding how far the country should go in developing new bombers.

Republicans made it clear that they were very unhappy with all the secrecy surrounding the dispute.

They are gambling privately that it was all right for the Democrats to make political hay of the "missile gap" during the Eisenhower administration, but now no one wants anything said about a possible "dependability gap."

LeMay's testimony before the House committee eventually will be made public, but much of the discussion may be censored out on the ground of national security.

### Trial Starts Monday

LOS ANGELES UPI — The Frank Sinatra Jr. kidnaping trial will begin on schedule Monday despite the cancellations Friday of a pre-trial hearing for the three defendants.

Mrs. Gladys Towles Root, attorney for defendant John William Irwin, 42, was unable to be present at the pre-trial hearing, so it was cancelled.

### Fumes Were Fatal

# Tiger Cubs Claw Their Way Past Linton, 67-59

Greencastle's Tiger Cubs clawed their way past Linton's stubborn Miners, 67 to 59, last night down at Linton as the local netters chalked up their 15th victory of the season.

Coach Dave McCracken's proteges battled the host squad to grab a 24 to 16 advantage at the end of the opening quarter. This eight-point margin eventually proved the final outcome of the hardwood court conflict.

Linton rallied in the second period but the Cubs still held command at halftime, 37 to 30.

Again, in the third frame, the Miners outscored the Cubs by five points to whittle Greencastle's lead to two, 47 to 45.

McCracken's boys braced in the fourth quarter and went on to win from a hustling Linton club, 67 to 59.

Next Friday will be the BIG ONE for the Cubs.

Terre Haute Gerstmeier is coming over to furnish the opposition and McCracken's aggregation wants to avenge a 76 to 70 defeat administered by the Black Cats in December.

With a 15-3 record the Cubs will face Gerstmeier and Broad Ripple before sectional tourney play.

The B team made it an all-Greencastle night when they won the curtain raiser from Linton, 55 to 42.

### HEART DISEASES CAUSE 54.3% OF ALL DEATHS

DISEASES OF THE HEART AND CIRCULATION were responsible for 954,870 U.S. deaths in 1962, or more than half of the total from all causes. This points up the magnitude of the heart problem and the need for research, education and community heart programs supported by the Heart Fund, which reaches its highpoint and climax on the week-end of Heart Sunday, February 23. More than 1,750,000 Heart Sunday volunteers will visit their neighbors to distribute heart-guarding information and to receive Heart Fund contributions.

### Time-Saving Casserole

By Betty Barclay

THE new frozen vegetables with sauce make delicious short-cut casseroles. Here is a little treasure of a recipe using green peas with cream sauce in a quick-and-easy curry dish.

**Curried Peas with Ham**  
1 package (8 ounces) Birds Eye Green Peas  
with Cream Sauce; ¾ cup milk; ½ teaspoon curry powder; 1 cup thin strips boiled ham\*; 1½ to 2 cups hot cooked rice. \*Or use 1 cup diced cooked turkey.  
Place peas and milk in saucepan. Cover and bring just to a boil over medium high heat. Remove from heat and stir until sauce is smooth. Add curry powder and stir until blended. Stir in ham. Cover and simmer 5 minutes, stirring occasionally. If necessary, add additional milk. Serve over rice. Makes 3 cups curried peas with ham, enough for 2 or 3 servings.

### Instant Snack

By Betty Barclay

FOR a bed-time snack, or a day-time "quick-and-easy" answer to that feeling of hunger, you'll find a Coffee Malted or Coffee Milk Shake made with decaffeinated coffee the perfect answer.

**Coffee Milk Shake**  
2½ teaspoons Instant Sanka  
Coffee; 4 teaspoons granulated sugar; 2 cups chilled milk.  
Combine ingredients in shaker or glass jar. Shake well to blend. Serve in tall glasses. Makes 2 servings.

# THE VERDICT

Have you been in court? Have you witnessed a man on trial for his life? That is a serious thing. Yet, every one of us is in that category... on trial before God every day, every hour. Brilliant attorneys may hang earthly juries and sway human judges but brother, it won't be that way with God. His is really the "court of last resort." There we shall stand naked before Him. He alone will decide our case and pronounce, with poise, the verdict. That, too, is serious. But we have had ample opportunity and have been warned many times. The church steeple on the corner points the way and His word on the pulpit tells us how to get there. When we come before His court, and we shall, the book will be opened... our eternal destiny known... and He will read the verdict.

**Dessert Charmer**  
By Betty Barclay

THIS glamorous and refreshing treat is a perfect ending for a heavy family meal. A breeze to prepare with orange-pineapple flavor gelatin, it's a light and delicate dessert you can count on to brighten winter menus.

**Orange-Pineapple Bavarian**

1 can (1 pound) crushed pineapple; 1 package (3 ounces) orange-pineapple flavor gelatin; 1/2 teaspoon salt; 1 cup boiling water; 1 cup heavy cream; 3 tablespoons sugar.

Drain pineapple, measuring juice. (Add enough water to juice to equal 1 cup, if necessary.) Set pineapple aside. Dissolve gelatin and salt in boiling water. Add pineapple juice and chill until slightly thickened.

Whip the cream; fold into gelatin. Combine drained pineapple and sugar; fold into gelatin mixture. Spoon into a 1-quart mold or dessert dishes. Chill until firm. Unmold. Garnish with orange sections or California walnuts, if desired. Makes 4 1/2 cups, or 8 servings.
